The Program for the Advancement of Water Supply Business Management

(Focusing on New Technology and Asset Management)

[WSBM]

5 – 14 March 2012

1. BACKGROUND OF THE PROGRAM:

AOTS - the Association for Overseas Technical Scholarship - is a non-profit association run with Japanese government subsidies from the Ministry of Economy, Trade and Industry (METI). Since its establishment in 1959, AOTS has been conducting various technical and management training programs in Japan for the people of developing countries. The total number of participants in past AOTS training programs amounts to almost 155,000 from about 170 developing countries and regions. These former participants are playing very important roles in industry and contributing greatly to the economic development of their respective countries.

The Japanese Ministry of Economy, Trade and Industry requests AOTS to organize various training programs in order to enhance Japanese business activities in the field of infrastructure development in emerging markets, particularly in Asian developing countries. Because AOTS considers water supply business to be one of the most important industrial infrastructure fields that Japan can contribute to the developing countries, AOTS has designed the Program for the Advancement of Water Supply Business Management (WSBM) in collaboration with Yokohama Waterworks Bureau.

This program aims at helping participants to improve their management levels in the field of the water supply business and find a Japanese company having new technologies and/or management systems that can be introduced to their respective companies/organizations. To achieve this purpose, this program provides an opportunity to learn about membrane treatment technologies developed and proven by Japanese companies, as well as the latest operation technologies and asset management for the water supply business, etc., through various lectures, facility visits and a meeting session with business people of various companies in and around Yokohama city.

2. COUNTRY

Please refer to the List of Target countries and regions.

The application documents will be forwarded to the AOTS Screening Committee, which will meet on 26 January 2012, for official approval of participation. Those who have successfully passed the screening process will be notified when they receive the invitation documents.

Notes: If the number of participants is less than 16 as of 12 December 2011, AOTS may postpone or cancel this program.

6. OUTLINE OF THE PROGRAM:

- OBJECTIVES

This program aims at helping participants to improve their management levels in the field of the water supply business and find a Japanese company having new technologies and/or management systems that can be introduced to their respective companies/organizations. In addition, participants are expected to be a mediator between their companies/organizations with those of Japan in order to make a consortium for bidding projects related to water supply in developing countries in the future.

- KEY BENEFITS

By attending this program participants can obtain the latest information related to the water supply business and water supply technologies, have a deeper insight into their management in the future, and make a plan for introducing Japanese systems and/or technologies in their respective companies/organization.

Specifically, participants will be able to:

- (1) overview the management and operation of water supply business in Japan,
- (2) select appropriate membrane treatment technologies according to water source conditions,
- (3) understand mapping technology using Geographic Information Systems (GIS) and water operations management with the mapping system,
- (4) learn about various types of pipes used according to the application and how to build an efficient plumbing system,
- (5) learn about the latest plumbing technology and detection technology for water leakages,
- (6) learn about the latest trend of water quality management technology used in Japan such as water quality continuous monitoring equipment of fish,
- (7) overview the latest total management that has centralized the information of water cycle, water quality management, customer management,
- (8) get deeper understanding of asset management and risk analysis for water supply business through examples of Yokohama Waterworks Bureau,
- (9) learn about water supply business abroad implemented by Japanese companies,
- (10) make an introduction plan of Japanese facilities and systems in the future, and
- (11) build a new relationship with people of Japanese companies in the field of water supply business for the future.

- DURATION

5 – 14 March 2012 (10 days)

- CONTENTS

First Step

Participants will submit a pre-training report about (1) problems or challenges their respective companies or organization are facing in terms of water supply business and (2) the business or technology field in which they want to find a business partner in Japan. The contents of their re-training report will be shared with lecturers, companies to visit, cooperative companies/organizations and Yokohama Waterworks Bureau.

Second Step

After having an introductory lecture on water supply business management, participants will learn about membrane treatment technology, the latest operation technologies and asset management for water supply business, etc., not only through lectures but also through visiting several Japanese facilities and observing actual examples.

Third Step

In addition, participants will have opportunities to meet business people of various companies in and around Yokohama city dealing with latest water supply facilities and technologies, including manufacturers of filters, pumps, treatment plants, etc.

Fourth Step

Participants will summarize their findings during the program and, on the final day, make a presentation on their plans for the improvement of water supply systems and facilities in their respective companies, organizations, countries, etc., by using Japanese technologies and know-how and their expectations related to business relations with Japanese companies.

A typical daily schedule consists of a 3-hour morning session and a 3-hour afternoon session. Some evening sessions shall also be organized after dinner.

Please refer to the Tentative Schedule on page 4 for further details.

- LANGUAGE

All lectures, discussions and company visits will be conducted in Japanese with translation into English. In

principle, the program documents and training materials will be prepared in English.

8.1) Application from host companies in Japan

In applying for this program, please contact 'Scholarship Administration Group' listed in 10. FURTHER INFORMATION.

8.2) Application from overseas countries

1) Outline

AOTS training programs are financed by Official Development Assistance (ODA) subsidies from the Japanese Ministry of Economy, Trade and Industry (METI) together with the Participation Fee (Contributions from Participant) from the participants themselves.

Participants shall pay the Participation Fee (Contributions from Participant) in cash to AOTS after their arrival in Japan.

The Training Costs will vary in accordance with the actual airfare and participants' staying days. Therefore, the Participation Fee will be finalized after their arrival in Japan.

The Estimates of the Participation Fee for the countries of Category 1* and for the countries in Category 2* are shown in Tables 1-1 and 1-2.

Please note that the subsidy from the Japanese government will be applicable from the day before the commencement of the training program to the final day of the training program in principle.

**Please refer to Table 3 "List of Target Countries and Regions"*

2) Breakdown

1. Participation Fee (Contributions from Participant)

The Participation Fee, which consists of Contribution to Allowance Costs and Contribution to Course Implementation Costs is the amount participants should bear.

Each participant will be requested to pay the Participation Fee to AOTS in cash after his/her arrival in Japan.

(1) The Contribution to Allowance Costs for the participants from the countries in Category 1 is 25% of the Allowance Costs (2-(1)). The Contribution to Allowance Costs is not set up for the participants from the countries in Category 2.

(2) The Contribution to Course Implementation Costs is ¥93,000 for a 10-day AOTS Management Training Program.

2. Training Costs

The Training Costs are the total amount of expenses to invite a participant to a training program in Japan. It is the sum of (1) Allowance Costs, (2) Course Implementation Costs (3) Domestic Travel Allowance.

(1) Allowance Costs

a. International Travel Expenses

- **Participants from China will not have their International Travel Expenses subsidized.**
- Participants will purchase their own round-trip air tickets, concerning which there are no restrictions pertaining to boarding class.
- The subsidy from the Japanese government will cover the actual airfare up to the Standard Airfare Limits (the AOTS's Standard Airfare Limits for 2011 is shown in Table 2.).
- Please refer to "Guidelines for Purchase of Air Tickets by the Participant" for the arrangement and the method of reimbursement for details.
- A participant is not allowed to overstay at city(ies) of a third country between participant home country and Japan for any reasons other than flight convenience. In such a case, AOTS might not reimburse the International Travel Expenses to the participant.
- International travel expenses are provided if an air ticket and its receipt satisfy required conditions; not provided if unsatisfying conditions or for a free ticket.

b. Accommodation and Meal Allowance

At the AOTS Kenshu Center

- AOTS will provide a participant with accommodation to the value of ¥8,500 per day with meals (lunch, dinner and breakfast), while the participant stays at an AOTS Kenshu Center.
- For the arrival day, AOTS will provide a participant with accommodation to the value of ¥7,700 per day with dinner and breakfast at an AOTS Kenshu Center.

c. Personal Allowance

- AOTS will pay ¥800 per day in cash to a participant.

(2) Course Implementation Costs

Guidelines for Purchase of Air Tickets by the Participant

1. Arrival and Departure Dates:

Arriving in Japan on the day before the commencement of the program and departing on the day after the closing day of the program or the nearest days to be allowed by the flight schedule within two days before and/or after the program.

2. Method of Reimbursement:

During the training program in Japan, participants should present to AOTS their air tickets and submit official receipts of air ticket purchase for reimbursement. The sum of the following items (1) and (2) will be subsidized. In principle, an economy class air ticket purchased for a round-trip on the standard route according to the criteria of the International Air Transport Association (IATA) is defined as the standard airfare to be covered.

- (1) Actual round-trip airfare within the Standard Airfare Limits (the limits of AOTS's standard round-trip airfare amount) specified for the respective area (country).
- (2) The departure tax, airport tax and other taxes indispensable to the usual flight route defined by IATA subject to the submission of evidence.

[NOTE] A participant is not allowed to overstay at city(ies) of a third country between participant's home country and Japan by any reasons other than flight convenience. In such case, AOTS might not reimburse the International Travel Expenses to the participant.

3. Official Receipts:

AOTS will confirm the air ticket and official receipt and calculate the actual yen value of the air ticket with the exchange rate on the date of the ticket's issue.

- (1) AOTS can only accept the official receipts duly issued by the issuer in which a breakdown of the total airfare is explicitly described, such as airfare, tax (the departure tax, airport tax and other taxes indispensable to the usual flight route defined by IATA) and commission. It should also contain the name of the issuer's representative, address, telephone number and facsimile number.
- (2) Neither Invoice nor Calculation Sheet will be accepted as the receipt. However, an Invoice/Calculation Sheet using the letter-head of the air ticket issuer stating the word "Received" or "Paid" and including the signature of the air ticket issuer may be accepted.

*** If any participant fails to submit the official receipt duly issued by the relevant airline company or travel agent, the participant will not receive any subsidy towards his/her airfare and will be required to pay the full amount of the Participation Fee in cash to AOTS.**

Visa Acquisition Procedures:

1. **Status of Residence:**

The status required for your training in Japan is "**Trainee.**"

2. **Visa Acquisition:**

A participant shall apply for and obtain a "Trainee" visa at a Japanese embassy or general consulate (hereinafter: diplomatic mission) with materials issued by AOTS such as a Guarantee Letter. It may be the case that the submitted materials are forwarded to the Consular Affairs Bureau (Tokyo) for checking.

3. **Notes:**
